

# 100+ Women Who Care, Licking County

*It's about making lives better, in multiples.*

- Who are we? Women in Licking County with a common goal of saving and enriching lives here locally.
- What are we? A giving circle. Individual donors each giving a small amount in order to have a big impact immediately. We strive to be 100 members strong. Each giving \$100 dollars a quarter for a total donation to a given charity /non-profit of \$10,000. (Team options also available.)
- How does it work? At the meeting we randomly choose three members to pitch their cause. After hearing about the charity/non profit and a short Q & A, we each cast a vote as to which one receives our collective donation. There is no middle person and checks are written directly to the charity chosen. We eagerly await the next meeting when we can hear about the difference our funds made!
- Why? We live here. We work here. We raise our children here. We want this to be the kind of community that lifts members up and extends a hand to a neighbor in need. Maybe we don't yet know that neighbor. This is our opportunity to meet her and find out how to help.
- When and where? In the months of January, April, July, and October we will gather on the third Tuesday for an hour in the evening (venue yet to be determined). You'll meet new friends and old with an opportunity to cultivate relationships with other terrific women before and after the meeting.
- We invite you to check out our website for more complete information: [www.100wwclickingcounty.org](http://www.100wwclickingcounty.org) Then join us at our next meeting!
